## Product Description

Via Deco Rectangular Placemats. Eco-Friendly Design. Classic Faux Leather and copper for Dining and Kitchen Table, Easy to Clean and Store - 16.5" x 12.5". Our traditional line of placemats can be used on any occasion. With stitches on the edge for more support, cardboard wrapped with fine faux leather and back non-woven material. The dining table will show elegance and sophistication. With advanced technology, we manufacture a beautiful, unique product using clean energy and low levels of water consumption. We also recycle our production waste and use high-quality, phthalate-free raw materials specially formulated for food contact. During the extrusion process, we add copper nanoparticles that prevent the spread of viral and bacterial diseases, protecting your table and food with style and color.
